A WINTER TERM COMMUNITY

The uncertainty of COVID-19 and added travel restrictions have left many missionary college students wondering where they will go during their winter break. Lake Geneva Camps and Conferences is pleased to offer a safe and Christ-centered community for you if you cannot go home.

Camp for the Holidays offers more than room and board. You will join other MKs for community, service, spiritual support, and fun events with all the amenities of home.

COMMUNITY EXPERIENCES

Expect to enjoy a Christ-centered community, peer-care, adult support, ministry service, and community meals. We have implemented the most current health and safety protocols to provide a worry-free experience.

You will enjoy ministry sessions, a Christmas feast with shared family traditions, and an unforgettable New Year's event.

Finally, our annual Bonfire College Retreat is an opportunity for you to connect with a broader Christian community before heading back to school.

All of these great opportunities are available for less than the average plane ticket home.
